Forgot to tell you.

Foundation Medicine is doing very well –

Not sure if you saw it – it surpassed all expectations below

<http://www.nasdaq.com/press-release/foundation-medicine-announces-2013-third-quarter-results-20131106-01246>

And is coming with a new product few months earlier than planned (launching in 3 weeks)

<http://www.nasdaq.com/press-release/new-data-highlighting-foundation-medicines-second-clinical-product-to-be-presented-at-american-society-of-hematology-annual-meeting-20131108-00106>

And is getting so much traction amongst oncologists

Although some people still worry that it is overvalued right now, I see a real potential to get to 10B by Sept 2013 ;)
