We are up 13% on our \$1MM Merck linked note. It's had a nice run and I think we should take profits.

We are 200K on our single stock European names and roughly 60K on our Eurostoxx Note. I think we take our 1MM MRK money and go into the following as remaining tactically bullish on Europe.

Note linked to the **Eurostoxx 600 Banks Index → Exposure to banks & financials in intercontinental Europe**
