Subject: Re: Internet & Wireless

Choice internet service is active: The programming was complete last week Thursday, Yesterday they ran cables across from the dumpsters because of too much activity in that area that was causing failure to the signal. Quality is great but whenever you decide to get the tower you would need a "Dragon wave dish" for better quality and more bandwidth.

Complete Wireless & Phone signal:

Tower needed for wireless internet all over and to boost all phone signals. Jermaine said that he's waiting for the paperwork to come through and will have more info on the Tower.
