Subject: New York City trip Sept 20-25

Here is my proposal for this trip which will be a busy one.

I think Rob Rosen will take almost all of Sept 23-25 for Foundation related stuff.

On Friday I start with the Lasker event 9:45am-2:15pm after flying in on an overnight flight.

On Friday afternoon if we could try and do Rich World Health Care (Castlight or Peterson?) and Schrodinger that would be good.

On Friday night if we could do the Norwegian dinner that would be good. Melinda is leaving Friday afternoon right after Lasker so unfortunately she wouldn't be able to go.

On Saturday I would fly to Boston in the morning and do the Pneumo and Maps meeting. It is nice of people to be able to do that stuff on a Saturday.

I have to go do my Boston stuff Saturday afternoon 2:30-5pm.

This leaves time in Boston Saturday night which I am not sure what to do with.

I am a little unsure about trying to see Lander since I think he is frustrated by the Foundation's current situation where we are not working with him as much as he would like including in TB but I think in other areas as well.

We could see if Langer wants to have dinner.

On Sunday I would fly to NYC and in that afternoon do the Comcast meeting which will be 2-3 hours.

This would still leave some time perhaps to see Geffen or Lauder if they happen to be around and free for one of the times I am free.

This would leave Sunday dinner free for perhaps Rob to schedule.

There are a lot of people in New York I could see but we should probably go ahead and schedule the things I list here.
