all trusts neeed to be re done. a singular strategy, then filled in with tactics and execution, coordinated with your will- current tax, poistions settlment agreements , charitbae pledges. investment rationalization. litigation postures. financial statements. You will have access to proprietary algorithms to maximize value . That being said I hesitate to join a list of people that you feel have disappointed you. Bud shelley doug. etc. My fees are my fees . and it makes me crazy to think that the loss in only the bxp stock value since you and I first agreed the need for a re-do is approx 100 million, alone.
