Hi Tyler,

I spoke to Jeffrey and he will get back to me re: article subjects. In the meantime, we have two possibilities to get his name into a headline for *Huffington*:

- 10th anniversary of the PED--- done. When can you send this? Should I edit it further?
- Disney's Fan Club Spokesperson, Jeffrey Epstein. He was mysteriously just laid off. I could write a piece about that?? He was openly gay. An advocate of Disney's permission of same sex marriages in their parks- public v. upset that he was let go.

let me know and I'll start working on this.

Thanks!
