Subject: Reminder to check fabrics and kitchen

Dear Karyna

Just in case JE has not done so yet, can you please help him with the following:

1. Look at outdoor samples for the stone bench by the main pool area and 4 wheeler seats.
2. Check kitchen door colors and counter top surfaces in flagpole kitchen. The silver and glass samples are options the kitchen company put in for doors. Perhaps the top doors if JE feels all red gets too loud.
3. There are also a couple of art deco and green (matching picture frame) samples to check on sofas in flagpole cabana.

Thank you :)
