I have decided to resign my position effective immediately with BG3 and the Bill and Melinda Gates Foundation. I have not come to this decision quickly or without a great deal of thought. During the past few weeks I have been caught up in a severe marital dispute between Melinda and Bill. I have the greatest respect for my friend of 7 years, and wish them both well. In my role as his right hand I have been asked and wrongly acquiesced into participating in things that have ranged from the morally inappropriate, to the ethically unsound and have been repeatedly asked to do things that get near and potentially over the line into the illegal. Though it was kindly suggested that I make a transition to a new position after my six years of servitude and that Bill would in his words give me two years severance pay. I feel it would be dishonest to myself and my future. From helping Bill to get drugs, in order to deal with consequences of sex with Russian girls, to facilitating his illicit trysts, with married women, to being asked to provide adderall for bridge tournaments. as I am a medical doctor, but have no prescriptions writing ability.
