Subject: Backhoe - 2007 John Deere 310J

attached is 2007 John Deere 310J we have identified for LSJE backhoe. roy and larry have also agreed that this is an excellent choice after reviewing approximately 10 machines online. the machine has 1800 hours which is considered low as these machines are supposed to last for 7000-8000 hours.

i have spoken to dealer and negotiated their asking price of 43,500 + 3,000 for shipping from virginia to miami for a net price of 43,000. they can guarantee that machine will arrive at tropical by July 31st

in addition i have found a local authorized john deere dealer to have one of their technicians provide an inspection and report for 300.

the estimated tropical shipping cost from miami to stt is 5,200

total cost landed to LSJE with inspection and shipping is 48,500

do i have your approval to proceed with this purchase if inspection comes back good
