Hi Daphne

I am interest in all of Mr. Epstein's work. I do have a lot of work going on, so it will depend on scheduling. I am sure we can work something out. Thanks!

Greetings Mr. Fraguela,
Mr. Epstein would like to construct a new hangar at the St. Thomas airport, and wants to know if you may be interested in the project. Larry Visoski, Mr. Epstein's pilot, worked out the rough size required. His estimate is 100 feet deep x 120 feet wide x 30 feet high.

If ramp space is a limiting factor, the smallest size hanger would be 100 feet deep x 100 feet wide x 28 feet tall.

I have cc'd Larry on this email to you so you can contact him directly if you need additional information for putting together your proposal.

Kind regards, Daphne
