Hi Jeff,  
Hope this email finds you well, it's been a while since I had news from you!

I'm now writing to tell you that I finally got a rise after struggling for the past year. I finally got my full time work permit which allowed [REDACTED] to officially employ me full time. My salary went up from [REDACTED] to [REDACTED], I can finally have a more decent life.

I'm [REDACTED] of [REDACTED], and sometimes I meet [REDACTED] in the office when they have monthly updates. I want to be assigned to different projects within the company in order to build a career in something and not be an assistant forever, and this is something that [REDACTED] is pushing me really strong.

I was meant to move to Bucharest with my Spanish boyfriend for love...but I didn't feel he can sustain both of us, I preferred to work on my career and be independent. We are still together, but waiting for him to take the step and come here for a while, he is very undecided. Maybe you give me a bit of advice as I had enough of waiting for him to take some decisions!

Hope to see you soon!

xxx
