Hello Roy,

The Virgin Islands is a very interesting destination!

Enclosed please find some pictures of boats which we manufactured in the past.
As you can see we can adjust it to different requirements.

The boat is able to carry 12 (2+10) persons in the cabin and 6 outside on the "U" bench.
The luggage may be kept either inside the seats or in the bow compartment, where we can place special shelves.

Inside the cabin we mount cabin heating (I guess it is not needed for you) and A/C.
Propulsion can be both outboard (up to 4 engines) or single/twin inboard.
I suppose you would need 2 x Yamaha 350 hp.
The color of the boat is up to you.

Please inform about the following info in order to prepare an offer:

1. Engines - 2 x Yamaha 350 hp?
2. St. steel rollbar in the aft - is it needed?
3. Inside the cabin:
 - a. A/C?
 - b. Benches or single seats?
 - c. Bow compartment - how adjusted: sleeping part, luggage, other?
4. Navigation equipment?

Best regards
Adam Zykowski

Good Morning Adam,

We are on a private island in the United States Virgin Islands. It would be mainly used for hauling guests to and from the main island of St. Thomas. We would need the ability to haul up to 12 guests with luggage. I would like to be able to seat 8 in the cabin. All of the boats we have here are powered with Yamaha outboards, we would like to keep it that way if possible. The owner of the island saw this picture of one of your boats and feels it would be perfect for our needs.

Please let me know if I can give you any more information.

Thank You

Dear Roy,

Please inform what would the boat be used for.
How many seating places inside the cabin, what other arrangement inside, what propulsion (outboards, inboards)?
Generally we can adjust the boat to your requirements.

Please inform about basic information as above, afterwards I can offer different options.

What country are you from?

Best regards

Adam Zygowski
