Subject: Where are you?

I am home in NYC.
I spoke to Philip Michaels yesterday. He has spent one month trying to get Gary's lawyer to return his call. He says his lawyer was away for some time and is now back. He says the lawyer does not understand what is going on. He left another message yesterday and says he will get to him.

Can this get any more bazaar?

Would love to see you.
xoxo Peg

In the midst of changing all accounting out of Bantry to new accountant.
