Im thinking dark blue lacquer , plastic type. also the arms on the four place the shoulder so as to not block the aisle and the arms on the two rear chairs. (we might consider putting one in to match the g2 . arms should be less captain chair like, and less iimportant. also the foor rests should have a removable leather or fabric cover as to not get the leather filthy. thanks its going to be great. . im also concerned that the arms of the couch , need to be izit leather as they will get dirty.

Great to see you yesterday and thank you for a very successful meeting - especially regarding the chairs.

With regard to the conference table, are you thinking wood veneer or leather surface?
