i think you should remove the word education from your vocabulary. It doesn't mean to others what it means to you. therefore , there is almost no meeting of the minds. They would like new ideas to help build a country. " education to them means indoctrination ".

I have been asked to help market it around the world; I am meeting with 9 asian embassies in
DC next week to discuss licensing it and running it locally or else enrolling their students in La
Salle in Spain (actually Andorra, but thats another story)

did any of your Arab buddies express an interest in education? its a pretty good modern day
MBA if I do say so myself
