Boris, are you planning to call the doctors or Bill or his father....?
Maybe you want to speak to a few ENT specialists.....?
I thought he needed surgery so I looked for the best surgeon.
This type of issue can be handled by several people I think.
How many opinions would you like?? I will reach out to as many as you want .

Dearest [REDACTED]

THANK YOU SO MUCH!!!!

So sorry that we did not meet this time. Nevertheless, once again I am hearing stories about you and a trail a broken hearts that you are leaving behind you ;)

Re cohlear implants –

His dad has already a surgeon. A question is much simpler – he needs to decide which of three devices he wants

3 choices are:

1. Maestro cochlear implant system by Med El (medical electronics)
2. Nucleus System by Cochlear
3. Advanced Bionics

It seems that his surgeon has some relationship with one of the company/device so we are just trying to be better informed.

Do you know anyone who could recommend which one of these three?

Should I contact your guy (below).

Jee – I think that Woody was commenting the same devices?

Thank you

Boris
