Open to doing that but it is important that we know commissions are paid. They are approx 400k and a google invoice is 60 of the other 100. Rich actually pushed the opposite on a call Friday afternoon with the CEO when he and John were just supposed to be clarifying the list itself (which is why I wound up with the back and forth on Sat). I am stopping at Bleecker to speak to John on my way in tomorrow morn. Will be back to you after I do.

why do we not simply pay 4.75 for asset. and let them deal with liabilities, I see no reason to get near any of that.
