Dear Eva,

First – I hope that you and your family are all OK.

It is so horrible hearing news what is going on in NYC.

I am thinking of you.

I took a last flight last night.

Not sure if Jeffrey left a city!

Re cochlear implant issue – I ended up having extremely crazy day (at mtgs for the most of it). Just catching up with most urgent issues.

I will call tmr – although I am not sure if appropriate given what is going on in the city right now.

We have 10 days to decide which implant to give. So it is not that urgent.

All what is needed is some input which implant to implant.

I will call anyone whom you think might help.

A surgery will be performed at UW – I double checked today. A surgeon, a day and the rest is already selected. We are just seeking a second opinion re the type of the implant.

Thank you

B

Boris, are you planning to call the doctors or Bill or his father....?
Maybe you want to speak to a few ENT specialists.....?
I thought he needed surgery so I looked for the best surgeon.
This type of issue can be handled by several people I think.
How many opinions would you like?? I will reach out to as many as you want .

Dearest Eva

THANK YOU SO MUCH!!!!

So sorry that we did not meet this time. Nevertheless, once again I am hearing stories about you and a trail a broken hearts that you are leaving behind you ;)

Re cohlear implants –

His dad has already a surgeon. A question is much simpler – he needs to decide which of three devices he wants

3 choices are:

1. Maestro cochlear implant system by Med El (medical electronics)
2. Nucleus System by Cochlear
3. Advanced Bionics

It seems that his surgeon has some relationship with one of the company/device so we are just trying to be better informed.

Do you know anyone who could recommend which one of these three?

Should I contact your guy (below).

Jee – I think that Woody was commenting thee same devices?

Thank you

Boris
