When Aspen has more than 4 people they work less than 8 hours.

Here is the payment history:

2004-2006 monthly payment
\$2958.80

2007-
\$3400.62

2008- \$3400.62 + 4 payments for LV \$693 per month July – November

2009- \$3392.65 + 6 payments for LV \$461.50 per month July –
November

2010- \$4038.13 + 7 payments for LV \$461.50 per month April –
November

2007 15% increase

2008 6.8% increase

2010 18.6% increase

As you can see there is room to negotiate and feel good about it! WE ARE ALL WORKING FOR
Mr. EPSTEIN – NOT FOR ASPEN.

Thank you,

Bella

I looked at Aspen invoice again. WE are charged \$3791.67 per month. It means \$948 per week. If they work 8 hours , 4 people they charged us \$29.62 /hr for there services in addition they charged for Larry's house. With the new charges per hour we will pay \$2816 monthly fee and the Pilot house is included.

Winter time November – February they should work less hours per weak as there will be no work at the Pilot house. Please confirm. How Aspen can explain the current charge ? I think we should ask for credit.

Thank you,

Bella

bella

this the reply from aspen landscaping

please note the following

On average min 4 men plus Jose come to the ranch each week, $32 / 4 = 8$ hrs per man per week, not including Jose.

$\$22.00 / 4 = \5.50 per hour per man

I'm not comfortable about this, but if you are then i will accept there offer

Dear [REDACTED]

I returned from the Holiday to find your email regarding Zorro Ranch and discussed your proposal with Jose this morning. Frankly, you should have seen his face!

In finding a new company, you would loose the years of experience Aspen possesses in regards to the Ranch. Consider this: 32 hrs @ \$22.00 per hr, including the 8 months for the Pilot House. Also, at the moment Zorro is the only client to require Liability Insurance. Consider dropping this requirement.

Jose would prefer not to loose this contract and the ongoing relationship he has had with you and the Ranch for many years. Let's continue talking.

Perhaps the following will help:

In 2006, Aspen provided 32 hrs labor per week @ \$23
per hr; in 2007, 32 hrs @ \$23 per hr; in 2008, 32 hrs
@ \$23 per hr. In July, 2009, the Pilot House was
added - 4 additional hrs @ \$25 per hr. In 2010, the

hourly rate increased to \$25 (our standard rate is \$28 per hr) for both the Main House and Ranch Central, making the monthly net billing, before NM Gross Receipts Tax, for the Main House and Ranch Central \$3,791.67 and the Pilot House \$433.33, for a total of \$4,225.00. Note that Aspen provides maintenance for the Pilot House April-November only.

I trust this provides the information you need.
