Jeffrey,

[REDACTED] is going to arrive in St. Louis for GII flight Wednesday morning.

I would like to put her in jump seat for take off just to be **safe** for the first 15 minuets , we had flight controls removed during this maintenance visit and changed cabin door seals, if all is good, I'll put her in the Right seat for remainder of flight to New York.

is this OK ?

I'll need to depart St. Louis by 2pm Wednesday for Dave and I to make the last flight out of Newark at 8pm.

thank you,
Larry
