Title: Re: Cannes/Africa

What's the difference between Africa and Cannes. Not much. Both have nocturnal migrating animals....

Saw Terry Malick's "Tree of Life" last night with Brad Pitt...mixed reviews..but I loved it. Had no idea what I was watching but it was intriguing.

Got 73-year-old Jane Fonda to walk in Naomi Campbell's benefit for Japan fashion show as the finale....she was 50 years older than the models and brought the house down...Naomi is my new best friend.

Went to endless parties and always end up at DuCap lobby at 1:30-2:30am for drinks with the stars. I am beyond exhausted.

Seeing loads of films and hitting parties. Best info....all the actors really know me know and I have tons of fabulous stories from my Diary...

Jane Fonda's boyfriend Richard Perry, a record producer has Parkinson's Disease....has had for a few years. Getting worse. Needs expert doctor...asap. Any ideas? His speech and thought process is slowing a bit. Jane says she is not a care giver. Was madly in love with him two years ago, now worried about easing out. Doesn't want to abandon him, but is making one film after another and is very young in mind and body....any ideas. He is a really nice guy ? He is getting "ga-ga" and I don't mean as in Lady Ga-Ga.

Once again, you have allowed me to operate in the stratosphere...the access to major filmmakers and studio executives is unbelievable. The actors now yell out my name to say "Hi" and chat about their work.

What can I say? We each are learning from the restless natives.
Back May 23.

Got Debbie and David Reuben (from London and he is a billionaire from aluminum market in Russia) to give me a bed in his home above the Carlton that King Leopold built...for the last weekend. Bryan wanted me out of sea view hotel room to save \$6,000!
xoxo Peggy
