Subject: school

I'm sorry that today I was not in school. Upon my word it's the only time I completely overslept. I love school, honestly. We have a cool funny teacher. Today I was doing at home and go to bed earlier.

I said that sometimes there is too little information in school because like yesterday, we are as much a half hour passed, and the transcription of vowels and consonants. And I was a bit boring, because I knew it since the moment as the beginning to learn English themselves. And I'm a little puzzled how you can study the transcription of a 5-class if it is necessary to know at first. or if a Grade 5 program is necessary to repeat why spend so much time on it. As many as 2 lessons. But its okay, i read extra.

When we're just talking on the phone, I heard you just half.
I want to squeeze you!
