The debut film from The American Film Company, THE CONSPIRATOR is directed by Robert Redford from an original screenplay by James D. Solomon and based on true events. In the wake of Abraham Lincoln's assassination, seven men and one woman are arrested and charged with conspiring to kill the President, the Vice-President, and the Secretary of State. The lone woman charged, Mary Surratt, 42, owns a boarding house where John Wilkes Booth and others met and planned the simultaneous attacks.

Against the ominous back-drop of post-Civil War Washington, newly-minted lawyer, Frederick Aiken, a 28-year-old Union war-hero, reluctantly agrees to defend Surratt before a military tribunal. As the trial unfolds, Aiken realizes his client may be innocent and that she is being used as bait and hostage in order to capture the only conspirator to have escaped a massive manhunt, her own son.

Thanks for this Stephanie. No worries. I had spoken with Peggy and she asked that I remind Jeffrey of her meeting with the woman..I always like to double check on stuff like this...because inevitably...things get changed around (as I am sure you know!) I will put this in my calendar just so i have it.

thanks

Hi Stephanie. Hope you are well. I show in my calendar that Peggy is

to meet with the woman from the Rebecca Project today...does that still

hold true? I am only asking because she spoke to me about this.

...Jeffrey did not ask me, i am asking...but I will remind him if she is!

Thanks! [REDACTED]
