Subject: jeffrey's two foundation websites

Hi Leslie,

I tried calling but noone picks up. I looked up the following websites on aboutus.org:

www.thejeffreyepsteinfoundation.com

and

www.jeffreyepsteinfoundation.com

Aboutus analysis showed that there are meta tags missing, url redirect problems etc that are preventing the search engines from picking them up properly.

To access aboutus.org the user is: jeffreyepsteinorg@gmail.com and password: [REDACTED]

Could you access aboutus and fix all of these areas so that the sites are properly maximized?

Thank you,
