Subject: Re: To: Jeffrey Epstein <jeevacation@gmail.com> Anyone you don't know on an immediate list, ask me or google them. All are good friends of mine for years, but these very high end circles travel together, so you should be very familiar with almost all of them. And, a few that you don't know, are off the charts, and in some respects smarter than the ones that are familiar... ;-) They just didn't seek the limelight. I have marked these people with an asterisk. Not everyone on this list is a scientist. There is no order to this list (this is a cross-section off the top of my head). I can think of more names if I put my mind to it, but lets start here: I am happy to discuss anyone here Nathan Mhyrvold *Catherine Mohr *Jay Walker Christof Koch *Terry Sejnowski Danny Hillis *Bran Ferren Vilamur Ramachandran Lisa Randall Frances Arnold Jesse Dylan Larry Page Elon Musk Stephen Wolfram Steve Juvertson *Pablo Ho Jaron Lanier Craig Venter paul Kirkaas Yossi Vardi *Eric Mjolsness *Mike Douglas Dean Kamen *Shelly Glashow *Derrick Ashong James Cameron *Ronald Crowley *Jeffrey Lehman Christine Maxwell *Brock Pierce *Rich Roberts *Lee Stein *Gerry Sussman *John Conway Dan Dubno (just because he is very interesting) From: Jeffrey Epstein <jeevacation@gmail.com> To: Al seckel <[REDACTED]>
