Yes, now I actually start liking talking while fucking just can't without yet. He loved in particular the "I wanna be your fucking bitch". spanking worked so well. Lubricant is great, much better. He loves the choking. That part was just really better. Thank you.

But the lukewarm cloth didn't work at all. He didn't like it. How come?

Saying that he's great works always and apparently girls never say it cause it works just too well. This guy is boring and totally passiv but complicated - next time I need to do something completely new.

Will you have time in Paris for me?
