classes till 8 30 at Sorbonne, then i wanted to study lsat. i do much better on games by now !!

I send you the new version. in green is all i added but it talks about future while the Harvard website advice is to talk about past and your achievements...but maybe if we turn it more into *i vizualize, i see myself = i get it BECAUSE as i saw myself in the past i am like it now and iyou see my vizualizationt works* it should be ok hopefully

However, all what is in yellow, Models UN which shows that i am a leader who spent so much time on organizing them in Russia and preparing and debating on Models around the world will be missing out because we are already missing space.. the 1st paragraphe should be definately more concise..
