Subject: Buck Steel Colors - September 20, 2012

Greetings Mr. Epstein,

Carlos was just in contact with Brian Buck of Buck Steel. Regarding the color choices for the steel shed, Buck has the following advisement:

1. Only the Signature 200 Standard Colors are available.
2. You can choose two different colors: one for the walls and one for the trim, or you can choose to have the walls and trim all the same color.

Respectfully,

Daphne
