Subject: FW: Flight Options Quote Update

Good Morning Mr. Kahn,

Our European affiliate has provided us with pricing for each leg individually however the cost is much higher. This is due to repositioning fees and demurrage. Combining all three trips is the most cost effective as it is more efficient, avoiding a lot of the positioning de-positioning each day. If you would like the individual leg pricing we will keep it on file so that we may provide it if requested.

Please advise if you would like to proceed with the bookings as originally quoted as the pricing is time sensitive and can change if not secured.

Thank you,

Susan
