Subject: Regarding an Internship

Last summer was amazing and I learned an incredible amount of new information! This upcoming summer I would again love to get as much experience as I can. An internship will be more valuable for me than a volunteering position due to the fact that I will be able to perform more skills and interact with the patient more freely. I cannot even begin to explain how thankful I am for this opportunity. I hope you have a great rest of your day! I miss you!

P.s. I love the new phone number! You are too funny!
