Hi

As you probably already know it is going to be wet and windy
Wednesday night and Thursday looking to have the worst conditions
We are going to button up today we have already had rain this morning but looks like we have a
break for a good part of the day
We will not move anything else down to the storage/eng area
I would like to see how the handle the rain - review leaks etc
Will keep you posted
All the best
K

Good evening
Based on the weather coming this way
We will not set up outside locations instead button them up and keep everything dry and
set up after wet weather has moved on
Will review weather update AM tomorrow to confirm this plan
Thanks
K
