Subject: SEEKING PO approval
71st_wifi.xls

Jeffrey,

If you could please review the PO request attached and respond with an approval to Richard, or any questions or concerns to me. I would like to start the 71st Project ASAP.

*note

I took off all time machine back ups off as you requested, and the hard drive as well. The only line item that says back up is a power supply not a device back up.

thank you

Scott Denett
