Well, you can help me find a job where I won't want to kill myself or the people I have to work with. These people are big assholes. It is beyond bizarre here too. I have seen some weird stuff in my life, but none compares at this point.

I seriously would walk out today if I was in a better position and didn't want to burn bridges (although not sure I care anymore about the bridge thing). I am going to Tampa tomorrow to visit my family for Christmas, but will be back here Tuesday (God forbid we close). I have contacted one of my dad's longtime friends and I emailed some lawyers I know and have meetings set up after the New Year, but I really need a big change I think. I am not getting any younger (as you know LOL). I am not even opposed to moving away at this point. On a funny note, Dave quit last Thursday right before our office holiday party.... can;t beat that ! :))

Hey there -

I hope all is well. I have been meaning to send this email for a while now, but have been sidetracked. Anyway, after the holidays, I need to plan my exit strategy from this place. I cannot take it anymore and it is turning me into a miserable human being. I won't bore you with all the gory details; however, I definitely think you get a good chuckle out of some of the circumstance.
