Title: This is what is going.. *Dear Mr Klein*

I've thought long and hard about this. It's clear that you are targeting Prince Andrew. Frankly, I want nothing to do with any such article. The facts are that I've done nothing wrong at all in any way and, as far as I know, neither has Prince Andrew.

You will be aware of all the circumstances relating to Scott Rothstein, Brad Edwards and [REDACTED] and how they are all related. It's all a matter of public record and I'm sure you will want to research the facts.

As for Jeffery Epstein, I haven't been in a relationship with him for more than 10 years and I had been in a been in a happy and stable relationship for the past seven years. All Jeffery Epstein's problems arose years after I ceased being with him. I don't share any houses with him, I'm not employed by him nor am I supported by him in any way.

Yours

Ghislaine Maxwell
