Subject: your bet..

..and new study out today shows companies with women managers on average 35% better return on equity...!!ok ok as an old researcher I know one needs to learn how the study was done etc but still/ remember when you told BBB in Stockholm that you always sell short a stock where new CEO is a woman..? Jeffrey, your check is in the school and end of next week I go over to prepare for the 2011 FEOY and meet the new BBB...Freja is working on the brand new BBBwebsite...will let you see draft of it all very soon! I will send you info on Sara if you want to contact her...Bobby is so thankful and evidently things may work out with contacts you have introduced him to...lets hope so / he gets first prize for perseverance!! kram BE
