Subject: Steel Buildings - December 31, 2012

Greetings Rich,

1. The 40'X60' steel building, doors and accessories arrived on STT 12/18/12 - on LSJ 12/19/12 - arrival on LSJ and checkin confirmed by Brice.
2. The sheeting, gutters and mandoor for repairing the existing Engineering shed - BOL 10600237 - booked to sail Wednesday, 1/2. The cargo is 33 inches over-length on the 20 flatrack - per Tropical, it should still sail on 1/2, EDA on STT 1/5/13. They are not presently concerned about space.

Contingency plan - move the cargo to a 40' flatrack if it does not sail on Wednesday due to "out of gauge" issues.

3. The rollup door - BOL 10617383 - arriving at Tropical 1/7/13, scheduled to sail 1/9/13, EDA on STT 1/12/13.

Glad to have you back, DW
