Sultan

I tried calling you couple of times without success. May be you are traveling.

HE **Prresident** told me that your friend Jeffrey told him that he would be sending a Campaign Strategist. Waheed said that its now time to get his assistance. Please follow up on this.

When is your Engineer coming over to the Maldives to look at the proposed reclamation project to create the island near Male'? HEP told me that a special dredger is expected to arrive Maldives very soon; and it would be quite easy to do that work while the concerned dredger is here in the Maldives.
