Hi Jeffrey

Our Pfizer market plus has been a big beneficiary of the defensive sector rotation. We are up 17% on the \$3MM and we feel that it is a good time to take profits.

Also 1yr CNY forward points have come into less than a 2% premium and I think we should add \$5MM to our \$10MM position.

Our \$5MM of Ford bonds mature next week. As a replacement I would add \$2.5MM ING Pfd at 97.00. We think these could get called at 100 next year. The balance we should leave in cash for now.

Paul
