[LSJ Organic Vegetable Garden.docx](#)

Jeffrey:

Attached is the Plant List Menu which was compiled by Nora Chapman who is the organic gardener with Plant Depot. According to Nora, these are the plants that will do best. She seems to have much experience with organic gardening on St. Thomas. She is familiar with the plants, pests and potential problems. She has also agreed to come out to LSJ on an as needed basis to help monitor the process of getting it established & maintained. Let me know if you have any other thoughts.

I look forward to reviewing everything with you.
