Dear jeffrey,

On July 20, 2011, at 12:50 am EDT, your account activity shows that you tried to recover your account password for Yahoo! ID jeffrey.epstein. You may reset your password on July 21, 2011, after 12:50 am EDT by answering the secret questions you chose for your account.

For security reasons, the option to reset your password via secret question will expire on July 27, 2011, at 12:50 am EDT.

Not you? Simply [sign in](#) to your account, and when there is an attempt to recover your account, we will continue to hide your option to reset your password via your secret question. Please [update your password-reset info](#). If you forget your password in the future, we will use this information to help you reset it.

If you believe your account has been compromised, please [change your password](#) now.
