I repeated three times - we would be waiting for you (in russian "ti"- can be only singular) on wednesday. I didn't say "make sure your boss doesn't come with you", didn't want to scare her. I told her I m gonna call her again to give the address and organize. I can call her again tmw - she promised to give me details for one exposition in paris - so I would call and make sure she got that she has to be alone.
