Hi Jeffrey and Cecile,

a nice note below.

To: jeffreypsteinorg@gmail.com

Dear Mr. Epstein,

I just wanted to thank you for your donations into genetic research into ulcerative colitis. I have been suffering from this disease for years, under drugs that are, at best, only partially effective, and I'm glad someone is looking for the root cause and not just better ways of covering up the body's reaction. Thank you for giving me hope.
