Hi Hon

Still in the Caribian? Any luck with pushing 45 tones of steel up a hill???

Hope you've been able to figure something out!!! I was forced to give up smoking for the last two weeks you'll be happy to here, I now don't like it at all, what a good old fashioned chest infection will do for you.....

Anyway as a result have no good gossip at all!! Infact i feel like a recovering saint right now, long may it last.....big kiss x
