Mr Epstein here is a quote for just the electrical installation part of the of the entrance hall lighting project , this contractor shows light fixtures at \$300.00 each and for cost of the fixtures & installation at \$6.619.00 no ceiling repair painting included. The first proposal from a general contractor has the budget light fixtures at 600.00 each x 8 lights =\$4800.00 total cost \$14.730.00 for turn key installation.
