Subject: Happy 4th

Just saw Boris and Sam

I was thinking about what we were discussing and actually I think there is some codependence. Boris was asking Sam if he should have a bloody Mary or getting him to taste his food etc.

I think there is more symbiosis than i/we perceive

I ask this very genuinely but is there such a thing as a gay housewife? Sam is talking about kids

thinking of you on the 4th although suspect you are in Paris.
