Subject: steve's birthday

as much as i know this will sound disgusting/painful/implausible/hilarious to both of you...

steve has asked me for his birthday this year (as a gift) for a really great photo.

[yes, of me]

i'm old and lord knows the camera ain't my friend but i want to try to do something cool for him

perhaps there is something wrong with his brain but he thinks i look great

so because you are both very forgiving and have a robust sense of humor, help me think about this.

birthday in august.

i think you both saw the ad i did for that south african designer a few months ago. he loved that - maybe a little too s&m for me though.

not sure what to do but my body looks pretty good these days. unbelievable since i didn't think it would hold up.

can't do much about my head so we will have to work around it.

thoughts?
