Subject: LSJ Fuel

Jeffrey,

We will be purchasing 3900 gallons of premium gas costing \$15,678 before the price goes up on monday by 26 cents per gallon.

Now in regard to the Diesel were expected to be able to draw from the 30000 gallons in the tanks on LSJ within a week and Brice informed me they would like to fill the tanks before hurricane season starts so we have two options.

- 1) do nothing and buy the fuel in a couple of months
- 2) I can lock in a price of \$4.09 per gallon for 4500 gallons and we can fill up the tanks as we use the fuel. Diesel is going up Monday by 16.5 cents a gallon

It depends on your though if you think the fuel prices will keep going up or not

Please advise

Thank you
