I've been better...

Thank you for letting me spend time here. It does help.

Square toilets - Sorry there are so many. The ones with a question mark after the link mean I'm not certain, but maybe the two of you will prefer one of those and have better insight. So here they are:

(Really like this one, but does this have to be built in to the back wall?)

(Same model as above with back piece, probably my favorite & the version of it above too.)

(Nice lines... but too fat looking ?)

(Not sure about the seat... ?)
