to have the pools ready by the Mid December, all material will need to be on LSJ by Thanks Giving, to do so would require us to order tile Monday 7th.
Tile has already been sourced in California, the rest of the material will come from Florida
Preparation of pools would need to start before Thanks Giving so tile and plaster work could begin 1st week of December, this would mean that the pools would need to be drained at the end of this week at the latest.
This schedule doesn't allow for any screw ups shipping, etc, I have concerns that deadline will not be meet,
Please note waterline tile still needs to be selected.

If you go forward we should execute our contract and attach the proposal to it.
Brice , I would review with bart on the exact specifications of the materials and sources and timing for delivery and installation

Gary,

Attached you will find the material list and change order number 11. We have a balance on the flag pool of \$34,742.19. Hard cost for us to replaster the pool is approximately \$14,000.00 - \$15,000.00. All the labor to redo the plaster is given. All of the guys were paid their daily wage so they will re-trowel for nothing. We have to pay for the new Diamond Brite only. We will also have to chip out the existing Diamond Brite. There is no profit or overhead with this cost as it is a hard cost. This is what it will cost me to come in and replaster the pool. I would like to see at least \$ 20,000.00 of my balance wired over to me please. Let me know if you have any further questions.

Thank you,

Bart Wolterman
