Hi Jeffrey,

Below is what I have done since my last update.
I have a file of printed articles that I will give you when I see you.
Let me know if you want to do a 2 month test with Reputation Changer.

I am also putting together a proposal for you: to not focus on your image but on a leaving a legacy-- that is, picking a subject that you would like to solve and accomplishing it. i.e. in the field of cancer. There's no reason why this couldn't be done.

- set up your USVI website: 8 pages of content, site map etc.
<http://www.jeffreyepsteinusvi.com/>
- fully optimized the website for search engines.
- published 6 articles, 2 remaining going out this week.
- optimized articles with BusinessWire
- set up call with Reputation Changer
- continued to post forum concepts onto science discussion sites.
